Email:

Dear Professor,

I am writing to provide an update on preparations for KLH Bachupally's annual tech fest, ****Viwentiaa 2026****.

So far, we have completed the main planning for the event. The events and activities have been finalised, and the organising teams have been divided among different tasks. We have also started the registration process and contacted the required participants. The posters and basic promotional materials have been prepared, and the event schedule has been discussed with the team.

The team members have also checked the venue arrangements, including the required classrooms, auditorium, and technical equipment. We have assigned volunteers for different activities and explained their responsibilities to them.

Some tasks are still pending. We need to complete the final decoration and venue arrangements, confirm the required equipment, finish the remaining registrations, and make the final schedule for all events. We also need to conduct a final meeting with all volunteers before the event to make sure everything is ready.

We will complete the remaining work on time and keep you updated about any important changes. We look forward to making Viwentiaa 2026 a successful event.

Thank you for your guidance and support.

Regards,
Maddirala Madhava Srikar(2620030452)
